AIM OF THE CONFERENCE

Started like a pan-Romanian forum, the conference has grown and reached the 12th edition attracting many specialists from different countries. The aim of the conference is to provide an opportunity for academics, practitioners and researchers to debates new achievements or concepts, approaches and innovative practices within the continuously progressing world of electromechanical and power systems.

TOPICS

- Automation, Robots and Mechatronics
- Electrical Apparatus
- Electrical Machines
- Electrical Traction and Automotive Equipment
- Electromagnetic Field and Electrical Circuits
- Engineering Education and Evocations
- Industry Applications
- Management and entrepreneurship
- Materials, Eco-design and Electro-ecology
- Metrology and Measurement Systems
- Power Electronics and Drives
- Reliability and Diagnosis
- Energy Efficiency and Renewable Resources
- Power Generation, Transport and Distribution

IMPORTANT DATES

- **10 June, 2019** – full paper submission (at most two papers with the same main author)
- **22 July, 2019** – notification of acceptance
- **08 September 2019** – submission of full papers & early registration payment
